2	Raging Rangas	Crabs	The Grizzlies	Warriors
3	Depth Charges	Old Puckers	Cardiac Concerns	Heat
4	Turbo Taddies	-	Nemo	Hornets
5	Floggers	Dr Schwant v E		Pacers
6	Red Dogs	Cilia		Thunder
7		Hot Chilli Prawns		
8		Ariba Amoebas		

1. Teams playing the first games each night are responsible for setting up their courts. The clock will start at the listed times, so if courts are not set up by then, you will be losing time from your game!

2. If your team sheet is not filled in PRIOR to your game so that it accurately lists ALL players who will be playing for you that night, then 1 pt. will be deducted from the team's tally on the ladder.

3. REFEREEING: Captains/teams please note!!!

- Where a team is rostered to provide referees*, they must be prepared to provide FOUR referees before the start of the game. 3 in water and 1 on deck. At least 1 water referee will be rostered on from the Referees Guild for most pennant games, and once you are sure they are in attendance, you need only supply enough water referees to ensure there are 3 referees in the water (including guild ref/s), plus the deck referee. If a Guild Referee comes from the team that is rostered on to provide team referees for the same game, then that team must provide ALL in water referees.
- If a team forfeits on any night, that team is still responsible for organising/providing referees for any games where they are rostered to do so. The forfeiting team is ALSO responsible for notifying the team that they are forfeiting against, well ahead of time, that they are forfeiting, and the forfeiting team is responsible for covering any refereeing duties of the team they were supposed to be playing against.
- Points will be deducted from any team rostered to provide referees as per a. and b. above, where their refs either start the

*4. Duties of deck referees. Deck referees are required to perform the following duties:

- Ensure team sheet for the game has been filled in accurately by both teams at start of game, noting in the comments section if this has not been done;
- List the names of the actual referees in the water for the game, as well as their own name, on the score sheet.
- Record all goals scored against the name of the scorer, during the game (if possible);
- Operate the sounding system, and watch for fouls committed by players at the surface - stopping the game and advising the water referees if a foul is observed;
- Time the duration of expulsions, in the event any player is ejected from the water by a referee;
- After the game: (i) ask team captains to name their 2 best players, and record these; (ii) ask each Captain to rate the refereeing out of 5 (5 is best), and record this; (iii) ask the water refs. to nominate 3 best and fairest players (3, 2, 1) for the game, and record these. (iv) decide with the water refs. Whether the 'fair play' bonus point should be awarded, and record this.

If it is decided that this should be withheld - make a brief note as to why e.g. continual complaints to refs, abuse, swearing etc etc
At the end of the pennant there will be a referees prize draw, as per last pennant. If game sheets are not fully completed by the out of water referee, none of the referees who officiated in the game will be entered in the draw for that week.

5. All teams playing last games each night are responsible for removing the goals/walls from their playing courts, and the team listed as the 'packup' team is also responsible for moving these items to their storage area. Please use extreme care when helping with both pool setup & removal of fittings from the pool, to minimise the risk of damaging either yourselves, or the pool!!!
