CAN ANYONE PLAY?

Underwater hockey is an exciting, fun and safe sport that you can play from the age of 7 until well into your 60s. It's the fastest team water sport around, combining speed, skill and teamwork in a way that you simply don't find in other games.

WHAT IS IT? WHAT DO I NEED?

Each side has up to 10 players in any one game. During the game 6 players are in the pool with up to 4 interchange players on the side who can sub at any time. The players wear fins, a diving mask, snorkel and a glove to protect the hand from the pool bottom and the puck. The sticks are about 25cm long. The aim is to push the puck into the other teams goal. Sounds easy doesn't it?

We can provide ALL the equipment and training for you to get started. We then can assist you in getting the right equipment once you decide to continue.
